Hospitals, long-term care and senior-living are set to see an average of 3.5% growth in 2019.

Hospitals account for half of the foodservice market in the healthcare segment, with senior-living and long-term care locations representing a quarter each of total operator sales.

54% of hospital foodservice operators report that the primary goal is elevating and improving patient, resident and guest satisfaction through the foodservice experience.

Technomic Trends - Non-Commercial foodservice 2017-2018
